

# Berneer<sup>®</sup>

## White light lamp (suit for plate number recognition)

### Product features

- Applicable to the need for night surveillance records license numbers of vehicles of various monitoring system
- Products of high brightness, low power consumption, can be used with all kinds of cameras
- Stable performance, average life expectancy of up to 50,000 hours
- Aluminum shell, rainproof design
- simple Installation, DC or AC power supply
- Off during the day, Auto turn on in the night
- Luminous components, diameter  $\Phi 5$  mm, dedicated wavelength 450 nm LED

### Specifications

Models	BN-B03	BN-B05
Distance	30 m	50 m
Angle	30°	30°
Voltage	AC220V	AC220V
Power	6W	8W
wavelength	450nm	450nm
Net Weight	0.635kg	0.645kg
Temperature	-35-65°C	-35-65°C
Working	Light control	Light control
