

Berneer[®]

White light lamp (suit for plate number recognition)

Product features

- Applicable to the need for night surveillance records license numbers of vehicles of various monitoring system
- Products of high brightness, low power consumption, can be used with all kinds of cameras
- Stable performance, average life expectancy of up to 50,000 hours
- Aluminum shell, rainproof design
- simple Installation, DC or AC power supply
- Off during the day, Auto turn on in the night
- Luminous components, diameter $\Phi 5$ mm, dedicated wavelength 450 nm LED

Specifications

Models	BN-BG03	BN-BG05
Distance	30 meters	50 meters
Angle	30°	30°
Voltage	AC220V	AC220V
Power	6W	8W
wavelength	450nm	450nm
Dimensions	130×93×95mm(L×W×H)	130×93×95mm(L×W×H)
Weight	0.4kg	0.5kg
Operation temperature	-35-65°C	-35-65°C
Working Style	Light control	Light control
